

TORONTO METRO

HOME TO THE MOST ROBUST TRADING ECOSYSTEMS IN CANADA

Equinix's Toronto data centers are business hubs for 190+ companies. Customers can choose from a broad range of network services from 60+ network service providers. There is a dense concentration in financial services and financial exchanges and enterprises.

Equinix customers have direct access to Torix (Toronto Internet Exchange) and can interconnect directly to customers and partners in their digital supply chain.

Toronto's data centers enable customers to be a part of one of the most robust trading ecosystems in Canada, encompassing alternative trading systems, market data feeds, risk management service providers, traders and banks.

Toronto metro facilities

The Equinix Toronto metro International Business Exchange™ (IBX®) data centers consists of two buildings with 98,000+ square feet (9,125+ square meters) of colocation space. TR1 and TR2 are compliant with ISO 27001 for information security management systems and SSAE16 / ISAE 3402 SOC1 Type II and SOC 2 Type II, an international auditing standard for service provider locations. TR1 and TR2 are linked by FiberConnect and TR2 is linked to the Building Meet Me Room (BMMR) at TR1 via Extended FiberConnect

Equinix value by vertical

For network service providers

- Interconnect with 60+ network service providers
- Strong network and interconnection helps decrease latency and improve performance and reliability of content delivery
- International carrier presence including China Telecom, Reliance Communications and Bharti Airtel Ltd.
- Connect with Google Cloud, Microsoft Azure and Office 365 accessible via Equinix Cloud Exchange™
- TR2's unique position enables cross connects to TR1 and provides access to diverse paths out of the metro, removing TR1 as a SPOF in the network

For enterprises

- Performance Hub™ to enable next generation wide area network (WAN) architecture for a secure and highly reliable connectivity to 60+ network service providers and 60+ cloud and IT service providers
- On-demand and direct access to multiple cloud providers and multiple networks via Equinix Cloud Exchange™

Equinix TR2 IBX exterior

For cloud and IT services providers

- Ability to interconnect directly to 190+ companies colocated with Equinix in Toronto
- Ability to sell to 15+ content and digital media providers and access to 60+ network service providers

For content and digital media

- Interconnect with 60+ network service providers
- Interconnect with top Content Delivery Networks (Akamai Technologies, Limelight Networks, etc.) to improve latency and help improve user experience

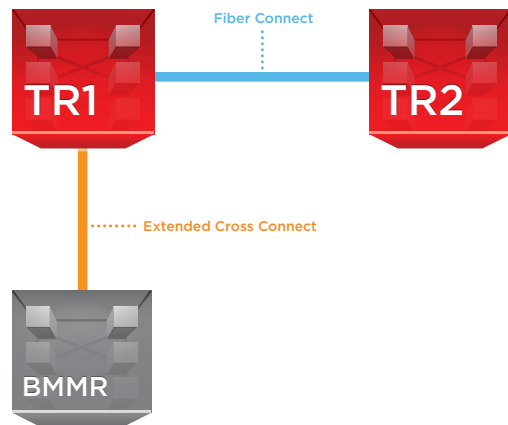

Equinix TR2 IBX colocation

For financial services

- Access to a strong financial ecosystem with connections to Nasdaq Canada Global financial exchange and Torix (Toronto Internet Exchange)
- TR1 is a carrier hotel, site of a strong financial ecosystem
- Access to low latency routes to financial ecosystem sites in Chicago and New York
